

CALL FOR PAPERS

Cavtat, Croatia, June 17-21, 2021

ICFM2021

www.icfm.net

2021 International Conference on Functional Materials

Main Topics

- Biomaterials
- Building materials
- Carbon based materials
- Ceramic
- Composites
- Earthquake materials and design
- Environmental friendly materials
- High strength alloys
- Intelligent materials systems
- Metallurgical fundamentals and techniques
- Micro/Nano materials
- New functional materials
- New energy materials
- Non ferrous metal material
- Optical, Electronic, Magnetic materials
- Polymeric materials
- Processing technology for functional materials

Submission

Online submission system: <http://confsys.iconf.org/submission/icfm2021>

Abstract format download: <http://icfm.net/a-template.doc>

Full Paper format download: <http://icfm.net/f-template.doc>

Publication

Proceedings

Papers will be published in the proceedings of **IOP Conference Series: Materials Science and Engineering (ISSN: 1757-899X)**, and indexed by Scopus, etc.

Special Issue

Accepted and registered papers of ICFM 2021 with extension can be recommend to publish in **Journal Materials (ISSN 1996-1944; Impact Factor: 2.972)**.

For online and index information: <http://www.mdpi.com/journal/materials>

Organization

Chairman:

Matijević, Božidar
University of Zagreb,
Croatia

Co-Chairmen:

Lu, Li
National University of
Singapore, Singapore

Ni, Jiangfeng
Soochow University, China

Key Dates

Submission:

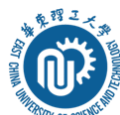

March 30, 2021

Notification:

April 20, 2021

Registration:

May 10, 2021
